# The Purpose of the CAC

- Campus Advisory Councils are designed to ensure that teachers, parents, and community members have an active voice in what happens at their local schools.
- There are four primary ways that Council members can share their thoughts with campus leadership. They can provide input on topics, review materials, make formal recommendations, or grant approval.

# The Purpose of the CAC

• One of the most important functions of the Council is to annual CIP.

into development of the

- Campuses begin working on a draft CIP during the later half of the Spring semester of the current school year, to plan for the upcoming school year.
- First the Council reviews state TAPR data, the results of parent, student and staff surveys, the campus budget, and other target data points from our district office.
- These data are then used to identify the greatest need of the campus. This process is called a needs assessment.
- Next a work plan is created to determine how performance improvement on the identified needs will be measured. The work plan also align to the goals of the district <u>Strategic Plan</u>.
- Throughout the CIP development process, the Council provides input, reviews materials and drafts, and makes recommendations.
