

Expanded Access to Magnet and Application-Based Programs

Provide greater equity, access and inclusion for the magnet and application-based programs. This includes a comprehensive review of the recruitment, application and admission processes. This will increase socio-economic and racial diversity in schools, producing better student outcomes. It will also allow for diverse student populations to excel in rigorous coursework and contribute to the overall magnet and application-based program experiences, enriching the learning environment for all students. Rising sixth- and ninth-grade students from every campus will be recruited based on diversity standards to ensure equity, access and inclusion. The Austin ISD Human Capital and Equity Offices will serve as a coaching and consultative resource to ensure magnet campuses are supported in meeting the new standards.

Secondary

Students who currently may be overlooked or who might not consider magnet and application-based options will have the opportunity to attend and contribute their talents to the student bodies of those schools.
